

**Partner in Quality Preventive Wellness Initiative**

1401 Mercantile Lane Suite 200A, MD 20774. Office: 301-386-2223 Fax: 301-386-2231

PreventFirst® is committed to the early detection and prevention of disease through offering screening services and screening events for the general public, so that those at the greater risk may be referred for appropriate evaluation and care. Our mission is backed up by a report published in the July 2006 issue of the American Journal of Cardiology, which indicated that as many as 90,000 lives each year could be saved if non-invasive screenings were conducted with all asymptomatic men between the ages of 45-75 and women between the ages of 55-75.

**PreventFirst® Rate**

**Executive Package #1 - \$600 each**
